## MACHINE TURNS OVER IN DITCH

Herbert Branam Severely Hurt  
When His Car Runs off Culvert  
and Hits Telephone Pole

WAS PASSING ANOTHER CAR

Mrs. Branam and Sister Escape  
With Slight Bruises in Accident  
Sunday Afternoon

Herbert Branam, a young farmer living southwest of Rushville, his wife and Mrs. Branam's sister, Miss Mary Houchins, living just south of Rushville, very narrowly escaped death late Sunday afternoon when their machine ran off the end of a culvert about three miles southwest of Rushville and turned upside down.

Mr. Branam suffered a deep flesh wound in the left leg above the knee. Six stitches were required to close the wound, which was two and a half inches long and very deep. One muscle in the leg was cut in two. Mr. Branam also sustained painful cuts on his face.

Mrs. Branam and her sister escaped with only a few bruises but were affected somewhat by the shock.

Mr. and Mrs. Branam were bringing Miss Houchins from their home nine miles southwest of Rushville to the home of her parents, Mr. and Mrs. E. O. Houchins, and Mr. Branam drove off the road when he started to pass another automobile.

When the Branam car slipped off the culvert into the ditch, it went headlong into a telephone pole, broke the pole off squarely, went on for a short distance and turned completely over. Mr. Branam was pinned under the car but the other two occupants were able to crawl out from under the wrecked automobile.

John W. Logan of this city and his son, Ross Logan of the Plum Creek neighborhood in Union township, who were in the machine which passed the Branam car, went back to help the injured people. They succeeded in lifting the machine off of Mr. Branam and he was brought to a physician in Rushville. After his wounds were treated, he was taken to the Houchins home, where he was reported today to be resting easily.

Mr. and Mrs. Branam were married just a week ago last Saturday.

## JAIL EMPTY FOR FIRST TIME IN MANY MONTHS

Boaz and Jesse Demaree are Taken  
to State Prison Today by Two De-  
puties and Detective

INSANE MAN ALSO REMOVED.

For the first time in several months, the Rush county jail was without prisoners today, after having had from four to six in the jail for the past two or three months. Saturday morning there were four prisoners, and when Mose Lowe changed his plea to guilty on the conspiracy charge, and was sentenced, which was suspended, he was immediately given his freedom.

This morning Deputy Sheriffs Hugh Jones and John Wolter, with Captain Neal of the Big Four detective force, left for Michigan City with Boaz and Jesse Demaree, who will begin their sentences of from two to fourteen years, Jesse having confessed to his guilt and Boaz having been found guilty by the jury on the conspiracy charge.

Sheriff E. M. Jones left this morning for Madison, taking with him William Miller, aged 60, who has been in jail here for over a week, held on an insanity charge. Miller has been an inmate of the Madison hospital before. He came from Indianapolis last week and when he began acting peculiarly again, his relatives advised that he be sent to the hospital.

TAKEN TO SANITARIUM

Mrs. Sarah Poston was taken to the Hoard sanitarium in Shelbyville today to undergo treatment for gall stones.

## WILL MEET AT BLUE RIDGE

Delegates From Three Counties Go-  
ing to District Meeting

Delegates from Rush, Decatur and Shelby counties will meet at the Blue Ridge I. O. O. F. hall Tuesday, for the Rebekah assembly of this district which is composed of the three above counties. The session will begin at 2 o'clock in the afternoon, which will be the business part of the convention. A program will be given during the evening the Rebekah degree will also be conferred on candidates by the Adams lodge. Supper will be served at the hall at 6 o'clock. Mrs. Mary Reddick of Carthage is president of this district. Mrs. Lela Schesline, the state assembly president, will be present.

## SUPREME COUNCIL ACTION SURPRISE

American Officials Thought it Was  
Clear This Country Would Not  
Take Armenian Mandate

SPECULATE OVER FUTURE

Wondered if President Will Take  
This Opportunity to Reverse  
His Recent Decision

(By United Press.)  
Paris, April 26.—The council of premiers has fixed May 25 as the date for the conference with German representatives at Spa, a News Agency dispatch from San Remo said today.

The council has postponed settlement of the Adriatic controversy following a request from the Jugo Slav representative, according to an earlier San Remo dispatch.

The representative, the dispatch said, claimed he was unable to negotiate satisfactorily because of interrupted telegraph and telephone services.

Washington, April 26.—Reports that the allied supreme council has decided to offer the Armenian mandate to the United States and ask President Wilson to fix the boundaries of that newly recognized nation were received with surprise in government circles here today.

Officials thought it had been made clear to the allies that there was no chance of this country taking the mandate over Armenia.

Congress is believed to be almost unanimously opposed to the project.

Nevertheless there was some speculation as to whether President Wilson would take this opportunity to reverse his recent decision to abstain from participating in international politics at least until the league of nations covenant has been finally accepted or rejected by the United States.

Officials believed the request that the United States accept the Armenian mandate would be politely declined.

Some diplomats viewed the supreme council's offer as a move to prevent Wilson from interfering when the allies arrange the Armenian borders to suit themselves.

After this country has refused the mandate and refused to accept the task of fixing Armenian boundaries the president could hardly object to whatever the premiers may do in drawing these frontiers, they said.

Officials thought it had been made clear to the allies that there was no chance of this country taking the mandate over Armenia.

Congress is believed to be almost unanimously opposed to the project.

## HURT IN TRIMMING A TREE

Edmund Gartin Struck on Leg by  
Falling Limb of Tree

Edmund Gartin sustained a severe injury this morning to his right leg, when he was trimming a tree near his home in North Main street, when a large limb fell and mashed the upper part of his leg. No bones were broken and it is regarded as fortunate that Mr. Gartin was not more seriously hurt. The branch of the tree had to be sawed in order to release him.

## JUDGE SPARKS IS RANKING PRELATE

Rushville Knights Templar Member  
of Prize Team to Give Work at  
Grand Conclave

TO BE HELD IN INDIANAPOLIS

Exemplification of Order of Temple  
Will be Feature of Grand Com-  
mandery Meeting in May

Judge Will M. Sparks of this city bears the distinction of being the ranking Knights Templar prelate of Indiana and for that reason will be a member of the prize team which will exemplify the Order of the Temple at the sixty-sixth annual conclave of the grand commandery in Indianapolis on Wednesday evening, May 12.

Unusual interest attaches this year to the annual conclave this Rushville because of the fact that a Rushville Knight has been honored by being selected as one of the prize team. The grand commandery will meet May 11, 12, and 13 and will honor Grand Commander Henri T. Comde of Indianapolis. Rushville is planning to send a large delegation to the conclave and it is probable that Rushville commandery No. 49 will be more largely represented than ever before in the history of the commandery.

The exemplification of the Order of the Temple will be a feature of great attractiveness to those who have received the orders of Christian Masonry. The prize team is made up of such officers of Indiana Knights Templar commanderies who have received the highest individual percentage in their respective station in their home commanderies at the last biennial inspection.

The personnel of the prize team, their commanderies and their station in putting on the work, are the following: Ivory C. Tollé, Lebanon No. 43, commander; Charles O. Griffin, Muncie No. 18, generalissimo; Edward J. Seoonover, Raper No. 1, captain general; Will M. Sparks, Rushville No. 49, prelate; Lewis M. Morris, Frankfort No. 29, senior warden; John G. Grimm, South Bend No. 13, warden; Horace M. Johnson, Neweaston No. 44, first guard; Walter M. Hindman, Vincennes No. 20, second guard; Conrad J. Herber, Terre Haute No. 16, third guard.

Theater parties and dinners will occupy a portion of the time of the wives, ladies and distinguished guests. Raper commandery of Indianapolis will play both host and escort on all occasions. All uniformed Knights Templar and their ladies will be entertained at a buffet luncheon at the Masonic temple Wednesday, May 12, from 4 to 6 p. m., and at a reception by the officers of the grand commandery in the parlors of Murat temple at 9 o'clock in the evening. This reception will conclude with a dance. The business sessions will be held on Wednesday and Thursday, May 12 and 13, and will conclude with the election of officers for the ensuing year and the award of the prize cups for attendance.

## INDIANA POLITICAL HUB FOR THE WEEK

Four Leading Republican Presiden-  
tial Possibilities Are Stump-  
ing The State

SEEK SUPPORT IN PRIMARY

Indianapolis, Ind., April 26.—Indiana today was the hub around which the nation's political wheel revolved.

Four leading republican presidential possibilities were stumping the state asking for the people's support at the primary election May 4. The Democrats have not put anyone forward for the presidency, following the leadership of their party chieftains who ask an unopposed delegation to the national convention.

Johnson, Wood, Lowden and Harding were touring the state in behalf of their presidential candidacies.

## "SWITCHING" NOT ALLOWED BY LAW

Voter Calling For Ballot of Party  
With Which He Hasn't Been  
Affiliated May be Challenged

PURPOSE OF THE PRIMARY

Designed For Known Party Mem-  
bers to Select The Candidates  
of Their Own Party

Within the last few days many inquiries have been received from voters who ask information relative to the law governing the "switching" of party affiliations at the primary election on May 4.

In other words, these voters who evidently desire to vote the ballot of the party opposite to that which they have been voting in the general elections want to know whether such can be permitted under the existing laws.

According to the Indiana primary election law, there will be just two ballots at the coming primary—one to be voted by Republicans, the other to be voted by Democrats. The voter must ask the election board for the ballot representing the party to which he is affiliated.

Under the law, a voter who has heretofore voted the Democratic ticket cannot ask for or receive a Republican ballot; neither can a Democrat vote a Republican ballot.

The design of the primary law is for known party members to select the candidates of their own party. The time for "switching" from one party to the other is at the election. The primary law governing this point reads as follows:

"Any qualified legal voter in such precinct may challenge any voter who shall offer to vote at such election, and when so challenged such person shall not be entitled to vote unless he shall make an affidavit that he is a qualified voter of the precinct; that at the last preceding election he affiliated with the party for whose candidates he proposed to vote in such primary; that he voted for a majority of the regular nominees of such party at the last election."

The voter who voted the Republican ticket at the last election who should ask for a Democratic ballot is subject to challenge; the voter who voted the Democratic ticket at the last election and should ask for a Republican ballot is subject to challenge.

Under the new law each must call for the ballot of the party with which he was affiliated at the last election. The law provides for no modifications whatever, it was said today by election officers.

## LIFELONG RESIDENT OF THE COUNTY DIES

John J. Veatch, Age 76 Years, Well  
Known Farmer of Walker Town-  
ship, Expires This Morning

URAEMIC POISONING CAUSE

John J. Veatch, aged 76 years, a lifelong resident of this county and a well known farmer of Walker township, died this morning about 11 o'clock at his home 2 1/2 miles south-east of Homer, death being caused from uraemic poisoning and other complications.

Mr. Veatch was married to Miss Amanda Hilgoss, his wife having preceded him only a year ago. There are no near relatives living. Ed Watson who made his home with him, was a foster son and was reared by Mr. and Mrs. Veatch.

The funeral services will be conducted Wednesday morning at ten o'clock at the Pleasant Ridge church, and burial will be made in the cemetery by the church.

K. OF P. MEETING

The Knights of Pythias will have work tonight in the rank of Page, in the amplified form. A large attendance is urged.

## TWO FARMERS PAY FINES

Provoke, Assault and Failure to Dim  
Auto Lights Are Charges

Three fines were paid this morning in Squire Steech's court, as the result of a squabble on the road north of Rushville Saturday when between two automobile drivers, Jesse Gray and Dora David. Gray was fined a dollar and costs for provoke and David paid \$5 and costs for not dimming his auto lights and a dollar and costs for assault and battery. Gray said that David approached his machine with lights full on, and compelled his machine to go in the ditch. Afterwards the two parties got into a controversy over the matter, and it was finally settled this morning in court by each paying fines.

## FORCES RETREAT BEFORE REBELS

Mexican Federals Fall Back to Point  
56 Miles North of Mazatlan  
on North Coast

ATTACK ON CITY IS PROBABLE

Reported to be 45 Americans There  
Who May Take Refuge on U.  
S. Warships in Harbor

(By United Press.)

Washington, April 26.—Mexican federal forces have retreated to a point 56 miles north of Mazatlan before the rebel troops, dispatches to the government said today.

A struggle between the federal and revolutionists for control of Mazatlan, the chief industrial and commercial city of the northern coast, is imminent, according to these reports.

There are known to be about 45 Americans in Mazatlan. The presence there of United States war vessels was particularly necessary because of the probability that the water supply of the city will be cut off by the rebels. The Americans then could take refuge on the warships.

Federal troops have burned railroad bridges behind them in withdrawing toward Mazatlan and fortifications are being erected outside the city.

Official information here is that the supporters of General Gozon were being arrested in Mexico City and also throughout the republic.

Burning of the international foot bridge between Texas and Mexico was also reported today.

## FIRE LOSS OF \$250,000

Schaeffer Saddlery Company is Gut-  
ted by Blaze at Decatur

(By United Press.)

Decatur, Ind., April 26.—The Schaeffer Saddlery Company was gutted by fire this morning. The loss is estimated at \$250,000. Two men probably lost their lives. The watchman was hurt in an explosion and concrete blocks which fell off the walls of the burning building.

TWO LICENSES ISSUED

The following marriage licenses were issued Saturday afternoon at the county clerk's office, Marshall Ray and Mrs. Anna Monroe, both of Milroy; Herman Moore, a farmer of this county and Leora Wright, daughter of Mr. and Mrs. Mari Wright of Glenwood.

NO OPINION ON DRY LAW

Washington, April 26.—The Supreme court today again failed to hand down its decision on the validity of constitutional prohibition. The court announced a recess from next Monday, May 3 until May 17.

GRAIN JUMPS 11 CENTS

Chicago, Ill., April 26.—Grain quotations jumped as high as 11 cents on the Chicago Board of Trade today. The gain was due to reports of unfavorable weather and heavy foreign buying.

## LIVE STOCK AGENT TO HELP FARMERS

Indiana Federation Will Have Re-  
presentative at The Indiana-  
polis Stock Yards

NOT A COMMISSION BROKER

Will Look After Shipments of Far-  
mers Entirely or Will Co-oper-  
ate With Their Agent

Indianapolis, Ind., April 26.—After wrestling with the live stock marketing problem for several weeks, officers of the Indiana Federation of Farmers' Associations and members of the permanent live stock committee of the organization believe they have evolved a working plan which will be of great benefit and protection to the stock producers of the state and shippers from adjoining states. Under the proposed plan the federation will have an experienced live stock agent as its representative at the Indianapolis stock yards, and later at other yards about the state, whose duty will be to look after all shipments which are consigned through his care, a small fee of 1 cent per head on hogs, calves and sheep, and 4 cents per head on all cattle to be added.

The federation is to pay the salary of the live stock agent, who in no way will serve as a commission broker. One of the features of the new plan is that the producer may consign his shipment to the commission merchant with whom he has been doing business through the farmers' agent, or he may leave the matter entirely to his agent, who in turn, will place the stock at the disposal of the commission merchant best able to handle the consignment. Officers of the federation believe that with an active representative at the yards looking after the interests of the farmer much of the trouble which has been experienced in the past can be eliminated. They also point out that it will give them a better chance to co-operate with farmers' organizations in neighboring states. The small fees to be collected for the service are to be turned over to the treasurer of the federation and credited to the live stock department.

At a meeting of the executive committee composed of John G. Brown, Maurice Douglas and H. E. Reynolds, it was decided in the absence of a "blue sky" law in this state to adopt a uniform questionnaire which will be available to all of the county associations as a protection to far-

## NEW WORLD MOVEMENT BEGINS HERE SUNDAY

Five Committees Begin Canvass For  
Pledges to Cover a Period of  
Five Years

A SIMULTANEOUS CAMPAIGN

Five committees from the First Baptist church yesterday started the campaign to raise the local allotment in the New World movement of the Northern Baptist convention. Three of the committees reported last night that more than \$1,000 had been pledged and not all of the persons on their lists had been seen. No reports had been received from the other two committees. The only other Baptist church in the county is at Homer, where a similar canvass was started yesterday afternoon. This county is expected to raise \$9,585.

The subscriptions cover a five-year period and may be paid by the week, month or year, or all at once. The campaign is simultaneous in its nature, two o'clock Sunday afternoon being the time appointed for the committees to begin the canvass all through the Northern Baptist convention. There were twenty-two thousand committees expected to begin work Sunday afternoon and they are to solicit over two million people.

LIEUT. HAROLD A. MILLER

The promotion of Sergt. Harold A. ("Spot") Miller, U. S. M. G., to be a lieutenant in the gendarmerie of Hayti discloses that he holds the strangest job in the marine corps. For the last four years Miller has been personal bodyguard of President Anteguenive of the republic of Hayti and has become so influential in native governmental circles that he is known as the "vice president of Hayti."

## ORCHARD GLEANINGS

SPRAY FOR CONTROL OF SCAB

Fungous Disease, Not Sufficiently Understood by Orchardists, Causes Big Loss.

(Prepared by the United States Department of Agriculture.)

The culture of pears in the Pacific Northwest beyond the Cascade mountains has suffered severe losses from time to time, and its development has been retarded by various insect pests, and by pear scab, a fungous disease, which is not sufficiently understood by the average orchardist. While the scab, to cite the most serious disease, is readily controlled by sprays, it annually causes a heavy loss because of inefficient spraying materials and carelessness as to the time or manner of application. The crop yield is frequently cut from 50 to 75 per cent, and unsprayed fruit is often so unsightly as to be almost worthless.

Though spring and summer spraying of pears for the control of scab has been generally practiced, the re-

Dusting Machine Being Used in a Peach Orchard—The Same Sort of Apparatus Is Employed for Dusting Pear Trees With Sulphur or Other Dry Fungicide.

sults, for the reasons indicated, have often been disappointing, especially when spraying has not included an insecticide for control of insects causing disfigurements that look very much like scab spots on mature pears. To enable the orchardist to recognize and distinguish between these troubles and to provide the proper measures of control, the United States department of agriculture has issued Farmers Bulletin 1050, "Controlling Fungous and Insect Enemies of the Pear in the Humid Sections of the Pacific Northwest," which is for free distribution.

WILLIAM DUNCAN

Before he was an actor, William Duncan was an athletic instructor and a writer for physical culture magazines. He first appeared on the stage with Sandow, the strong man, and later toured the country at the head of his own dramatic company playing Hamlet. Today he is known throughout the world as a serial star and director. Upon completing "Smashing Barriers" Albert E. Smith, president of Vitagraph, furnished Mr. Duncan with a serial the production of which will cost \$1,000,000.

"The Silent Avenger" is the title of the new serial. It was written by Albert E. Smith and Cleveland Moffett. In this Mr. Duncan is given ample opportunity to show his skill as a fancy shot pool player, expert on the tennis court and clever slight of hand performer. The thrills provide the star-director with material in which to demonstrate his strength and ability as an all-round athlete. He insists on realism and will assume great risks to stage a thrill as it should be performed. He will not use dummies or substitutes. If the thrill is in the script, Mr. Duncan insists that it can be performed and he does it regardless of the hazard.

His leading lady, Edith Johnson, is equally courageous and follows William Duncan to the limit. They have been associated in several serials, including "The Man of Might" and "A Fight for Millions."

## CARROTS IN A COMEBACK

(National Garden Bureau)

Here is an old country recipe for cooking young carrots when they are tender and most tempting. Scrape a bunch of young carrots, about a dozen, and split them lengthwise if they are large enough. Cook for fifteen minutes in a quart of water with half dozen pepper corns and a teaspoonful of sugar and a half tablespoonful of butter until tender. Prepare a sauce by cooking a tablespoonful of flour in a tablespoonful of butter. Thin with the liquor in which the carrots were cooked to the desired consistency, then add a half cup of cream or milk. Lift carrots from water on a skimmer and place in the sauce, bring to a boil. Chopped parsley may be added if desired.

Carrots, only recently have achieved the importance they deserve in the daily diet of the country. There was for many years a Yankee prejudice against them as "cow fodder," and it used to be said that only muskrats and Germans

would eat carrots, aside from the cows, and that the muskrat would race five miles over land to get caught in a trap baited with a carrot. Occasionally women nibbled raw carrots on the theory that they contained arsenic and were good for the complexion.

Lately it has been discovered that carrots are beneficial food for babies as well as adults, and they are included by dieticians in the menu of the young radishes may be pulled and eaten before the carrots have grown large enough to mind the crowding. The carrots may be eaten from the time they are the size of the finger until the matured root is ready to be stored in the cellar. Carrot seed should go into the ground with the first crops, as they mature slowly and will not be ready to eat for two months. Young carrots at the start are rather delicate plants, having a very shallow root system and should be cultivated very carefully.

## LIVE STOCK AGENT TO HELP FARMERS

Continued from Page One

farmers in buying stock in various enterprises. Promotion companies and stock selling agencies will be asked to fill out these questionnaires when they visit agricultural communities.

Lewis Taylor, general secretary, has received word from many of the county associations that the farmers appear to be unanimously opposed to the Nolan excise bill pending in Congress which provides for a tax of 1 per cent on all land holdings in excess of \$10,000 valuation. A referendum vote in the twenty-eight states which go to make up the American Farm Bureau Federation was recently ordered by J. R. Howard, the national president, and it is understood that the sentiment expressed by the Indiana farmers is the same as that of the agriculturists of neighboring states.

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years, and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid liver.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They ease the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, safe and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

### Democratic Ticket

**FOR REPRESENTATIVE**  
We are authorized to announce the name of John A. D. Wagoner of Orange township, as a candidate for representative from Rush county to the Democratic primary election on May 4, 1920.

## I Am a Republican Candidate For SHERIFF

Of Rush County, subject to the primary election of May 4, 1920.

I spent 23 months in the service of my country, 12 of which were spent in France and Germany.

I participated in the two "All American" offenses — the St. Mihiel of Sept. 12, 1918, and the Meuse-Argonne of Nov. 1, 1918. I was on the front at the close of hostilities, after which my division, the 89th, was a part of the Army of Occupation, and was stationed at Treves, Germany.

I need your support and any favors will be greatly appreciated.

**John W. Kennedy**

I am a candidate for the nomination of County Clerk subject to Republican primary, May 4th, 1920, and am asking your support. Have spent 24 months in U. S. service and 12 months in France.

I am a Republican first, last and all the time. Any favors will be appreciated.

**WILLIAM B. BRANN**

I am a candidate for the nomination of Representative on the Republican ticket and am asking you for your support.

Have always been a republican and farmer.

I believe in an economical and business like administration of public affairs and the protection of the taxpayers.

My father, grandfather and great grandfather have been continuous taxpayers in Rush county since 1831.

**Cutting Government Expenses**  
One of the contributing factors to the high cost of living is the high cost of government. Government costs began to soar first and they should be the first to decline. Senator Reed Smoot of Utah has introduced a measure which is designed to bring about a sweeping reorganization of the executive department, which is responsible for the expenditure of the bulk of the government's money, though expenditures of the departments are regulated by congress.

The measure has won wide approval from members of Congress and has been endorsed as a measure of economy by many newspaper editors.

In the days when the government was operating on a sound peace basis governmental expenditures were about one million dollars annually. On that basis the late Senator Aldrich of Rhode Island estimated a governmental reorganization would save \$300,000,000 annually. On the same ratio the Smoot plan would save the nation more than \$1,000,000,000 each year.

Senator Smoot who is recognized as one of the leading economists of the nation provides in his resolution for a joint congressional commission—three Senators to be named by Vice President Marshall and three Representatives to be named by Speaker Gillett—to survey the whole administrative mechanism of the government and report a plan that would eliminate duplication and waste.

Two years would be required for such a survey Senator Smoot estimates. The resolution went to the Senate appropriations committee and will be reported out in the near future. Its consideration during this session is certain.

#### The Mother of Man

On the Second Sunday in May the nation will observe Mothers' Day.

Every one knows, Mother's Day—why it is, when it is, and for what it stands.

It comes as close to our hearts as Christmas or the Fourth of July, for it is the day upon which we honor the mother of man.

The arms of motherhood form the cradle of the human race. They are the rock upon which we rest our hopes of the future, the building star which leads humanity through the perils of infancy and into the safe harbor of maturity.

Pages upon pages could be written of the glories of our mothers, but not all of the words of the English language could do them justice.

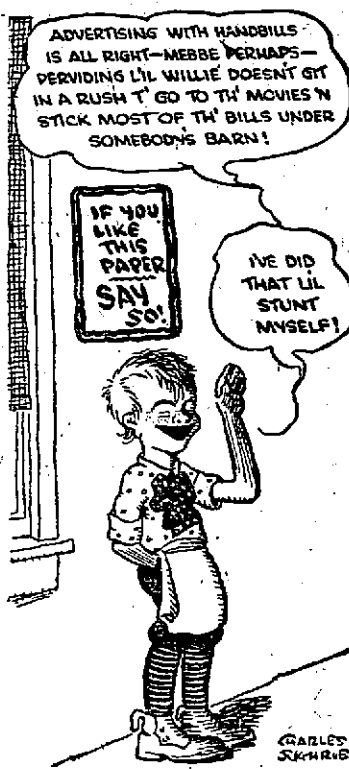

All honor to the mother of man! May her days and her joys upon earth be many, and may her home in the next world be one worthy or the greatest handiwork of God.

Word has been sent out from Washington to the effect that there will soon be a favorable reaction in the liberty bond market. Let us hope that this is not merely a statement put into circulation merely for the purpose of allaying public unrest. People who have invested their meagre savings in government bonds are anything but jubilant over the fact that they can only be disposed of at a heavy sacrifice. It is a poor incentive to patriotism.

In the good old days a man did a day's work and received a day's pay, and went home and enjoyed himself until work time the next day. But not so today. A fellow does half a day's work, collects one or two days' pay, and spends the rest of the time wondering how he can make more and do less.

**RUSH CHAPTER MEETING**  
Rush Chapter No. 24 R. A. M. will confer the Royal Arch degree Monday night beginning at 7:30. Visiting Companions are welcome.

### MICKIE SAYS

### Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will Be Relished by Your Friends When You Repeat Them.

The story is told of an Illinois farmer who had decided to sell his property. He listed it with a real estate agent who wrote a flattering description of the place. It happened that he advertised it in a rural newspaper which the owner subscribed to. Two days later the farmer rang him up on the phone. "I want to buy that farm you had advertised in the News this week. Looks like a pretty nice place to me. What—?" "Just a minute," broke in the agent, "that's your farm."

### Sap and Salt

By BERT MOSES  
A small head seems to have plenty of room for nonsense.

How strange that most of the things you want belong to some one else!

Dancers seem to think the music is better if the orchestra comes from another town.

Perhaps the reason preachers are so poorly paid is because there is too much competition in creeds.

The sad thing about it all is that so many of us want to do the bossing and so few are willing to do the work.

Hez Heck says: "After hearing jazz music and giving modern dances the once over, you wonder whether society is worth saving."

## Fesler's Right

## FOR

# STATE SENATOR

## TO THE REPUBLICANS OF THIS DISTRICT:

I am a candidate for re-election for the office of Joint Senator for Hancock, Rush and Decatur counties. I feel that you are sufficiently familiar with my work in the past two sessions to enable you to conclude as to my fitness to represent you in the same position, with which you have honored me in the past. If my services in the last two sessions have met with your approval, I will appreciate your support in the coming primary.

My only pledge is the same impartial representation for all of our district that I have given in the past.

Your support will be highly appreciated.

Sincerely yours,

## LEM P. DOBYNS

## MOTHERS, DO THIS—

When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup, or worse. And then's when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister. As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use. It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frosted feet and colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

WALTER E. SMITH—Money to Loan. 1126

## County News

### New Salem

The Misses Nellie and Clara Thatcher of Connersville are spending a few days here as the guests of relatives and friends.

Mrs. Oz Bever returned home from Indianapolis Wednesday after a few days visit with her husband who is in the hospital there.

The Rev. and Mrs. Hettrick came Thursday for the funeral services of Mrs. A. T. Jinks.

Mr. and Mrs. Curtis Gueise and children were the Sunday guests of Mr. and Mrs. Charley Wamsley.

Mrs. Alfred Logan and little daughter spent the week-end as the guests of relatives at Mooresville.

Mr. and Mrs. Wyatt Bell and children spent Sunday as the guests of relatives in Connersville.

## INDIANAPOLIS TO SHOW VALUE OF COURTESY

Guests at Convention of Advertising Clubs to be Treated so Well They Will Want to Return

### COURTESY BADGE TO BE WORN

Indianapolis, Ind., April 26.—Every city in the middle west, and in other parts of the country as well, can learn from Indianapolis the value of courtesy and how to treat guests so well that they will want to return, asserts Fred Millis, secretary of the committee arranging for the convention of the Associated Advertising Clubs of the World, in Indianapolis, June 6 to 10.

Public officials, policemen, street car conductors, hotel clerks, Boy Scouts and members of many other organizations, will wear courtesy badges during the convention and will be ready to serve the convention guests, says Mr. Millis.

The Sunday inspirational meeting, which will start the convention, general, departmental and interdepartmental sessions, the great advertising exhibit in the State House, and many other features of the advertising program, will keep the delegates on the jump for this will be a business convention, but incidental to all of this is the strong determination of Indianapolis business men to insure that every delegate to the convention will feel that he has visited one city where the people—all the people—were interested in his comfort.

## STRUCK BY AN AUTOMOBILE

Albert Leisure is Not Seriously Hurt in Accident Here

Albert Leisure, prominent farmer and stock raiser living north of Rushville, was struck by an automobile driven by Don B. Looney of this city, in front of Robert Holt's grocery store in East Second street late Saturday afternoon. The machine was not going very fast and Mr. Leisure was not seriously hurt.

He was struck by the fender and fell over on the radiator of the car, which knocked him breathless for the moment. The driver of the machine brought it to a stop quickly.

## About Childhood Diseases

By J. N. HURTY

(State Health Commissioner)

The Army Medical Commission states that, among every one thousand men who pass the first examination, here are on the average—twenty with half-healed or latent consumption; ten who have recovered from typhoid but are still "carriers" of the bacilli; five at least whose noses and throats are swarming with pneumonia germs, and two each who carry about with them odd, surviving colonies of the germs of measles, diphtheria, meningitis and even mumps. The younger the soldiers the more certain it is for there to be a full crop of these left-over germs. In the play of The Blue Bird by Maeterlinck, old Father Time asks a soul in the land of the unborn, which wishes to be born, if she has in her basket the measles and other childhood diseases which she is doomed to have in life as a human being.

The above considerations are likely to lead to the conclusion there is no hope of any child escaping the germs causative of the so-called childhood diseases, which is not true, for many come to adult age who do not have these diseases in childhood; and it is known that, on the average, such persons have a better physique, a higher average stature and better general health than those who had had these maladies.

This is because "The escapes" have not suffered the prostrating, chronic poisoning, the stunting after-effects of these serious and

## Tired Out?

Do you know that languidness, that "awful tired feeling," heaviness, lame or weak back, sore muscles, stiff or swollen joints, rheumatic pains, lumbago, in the great majority of cases, indicate kidney trouble?

## Foley Kidney Pills

act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to a healthy condition.

Mrs. Robert Blair, 461 S. 20th Street, Terre Haute, Ind., writes: "I suffered two years with kidney and bladder trouble frequently getting backache. Mornings I would arise feeling very tired and having headaches, and see floating specks before my eyes. I saw Foley Kidney Pills advertised and made up my mind to try them. After taking them a few weeks I found my trouble dispelled. The backache stopped and my kidneys were restored to healthy, normal action. I am also free of those tired spells and headaches and my vision is no longer blurred. My recovery is entirely due to Foley Kidney Pills, which I gladly recommend."

F. B. JOHNSON

## Terrible Tortures From Itching Skin Diseases

No Sure Relief Until the Cause Is Removed.

When the blood becomes infected with millions of tiny disease germs that attack the skin, then the fiery irritation and intense itching will remain with you until these germs are removed from the blood.

Genuine relief, therefore, can only be expected from a treatment that goes right to the seat of the

trouble, and strikes at its cause. Such a remedy is S. S. S., the reliable old blood purifier that kills the germs of disease, and sends a new supply of rich red blood coursing through the veins. S. S. S. has been used successfully in some of the worst cases of eczema and other skin disorders.

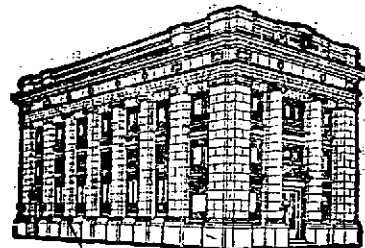

For valuable literature write to Medical Adviser, 108 Swift Laboratory, Atlanta, Ga.

## THE MAIN TRAVELED ROAD

There is one highway to success and competency. It is the old main traveled road of spending less than you make. This institution stands for the purpose of helping you to reach your goal by SAVING regularly and systematically from your income. We add interest.

WE WELCOME BOTH THE LARGE AND SMALL ACCOUNTS COMMENCE TO SAVE.

## THE PEOPLES LOAN & TRUST CO.

"The Home for Savings." RUSHVILLE, INDIANA

greatly underestimated "little diseases of children." We are far better off in all ways not to have measles, whooping cough, scarlet fever, etc., in childhood, just as we are better off not to have lost a finger, an eye or even a toe. All parents should be ever careful to protect their children in all known ways against every sickness. Childhood sickness is not infrequently the origin of mental and moral deficiencies which lead to insanity and crime in after life.

## The U. S. Department of Agriculture reports the following yields in:

| Year  | CORN | Bushels       |
|-------|------|---------------|
| 1919  |      | 2,917,450,000 |
| 1918  |      | 2,582,814,000 |
| OATS  |      |               |
| 1919  |      | 1,248,310,000 |
| 1918  |      | 1,538,359,000 |
| WHEAT |      |               |
| 1919  |      | 940,987,000   |
| 1918  |      | 917,100,000   |
| RYE   |      |               |
| 1919  |      | 88,478,000    |
| 1918  |      | 91,041,000    |

Winter wheat production last year amounted to 731,636,000 bushels. The department of agriculture estimates only 486,617,000 for this year.

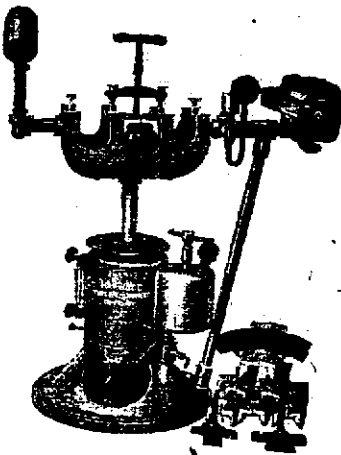

The condition of Rye is only 86.8 per cent of normal.

Corn, Oats, Wheat and Rye furnish a great preponderance of our feeds. Do you think an abundance of feed is in sight? Can you figure that feeds will be cheap this year? Think these facts over and then give us your good order for Fat Back Hog Feed and other feeds.

# Did Not Expect Her To Recover

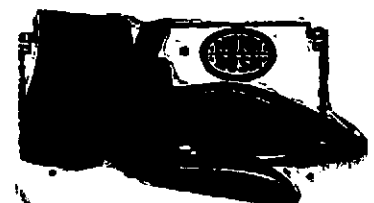

Ten Years Trouble Quickly Overcome by Tanlac—Now in Splendid Health.

"When I started taking Tanlac I was in such bad condition that few if any of my friends and neighbors ever expected me to get well, but now if I ever felt better in my life I don't remember it," said Mrs. Elizabeth Bessler, 1025 North Adams street, Peoria, Ill., recently.

"For the past ten years," Mrs. Bessler continued, "I suffered from stomach trouble so badly I could not eat a single mouthful without it nearly killing me, and as nothing I took seemed to do me any good I had long given up all hope of ever getting any better. After eating the least thing I would puff up something awful with gas that pressed against my heart, causing it to act so strangely it would frighten me. At times I had such terrible cramping pains in my stomach I thought I would die. My kidneys troubled me a great deal and I had such intense pains in my back every time I stooped over it felt like a knife was being stuck in me, and often a sharp, shooting pain in my back would be so awful I would nearly faint. I also had bad dizzy spells, when black spots would come before my eyes and I could not see a foot from me, and to keep from falling I had to sit right down or catch hold of something. I had lost weight until I was scarcely more than a frame, and I was in misery from the time I got up until I went to bed.

"As I had seen so many good things said about Tanlac I asked my husband to get me a bottle, and I was certainly pleased at the results. I continued taking it until I finally got so I could eat just anything I wanted without its hurting me a particle. I am never troubled with gas any more and the pains in my back and stomach have left me entirely. I have regained my lost strength and weight, and in fact, I am enjoying perfect health and feel fine every way. I wouldn't take anything in the world for what Tanlac has done for me, and I will praise it as long as I live."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Intow, in Arlington by Mrs. L. T. Davis, and in Carthage by Otto C. McCarty.—(Adv.)

"A Little Off of Main St., But It Pays To Walk."

## SPLASH!

It's annoying of course—it's unfortunate but how much worse it might have been if it weren't for the cleaning service I can get at the Sanitary Cleaners. It's the difference between the trifling cost of cleaning and the entire loss of this expensive gown.

111 W. 2nd St. Phone 2288

A dance will be given tomorrow evening in the Sampson Hall in Arlington. The public is invited to attend.

The War Mothers will meet Wednesday afternoon at the home of Mrs. John Cooning in North Sexton street.

Mrs. J. M. Lee will entertain the members of the S. E. T. club tomorrow afternoon at her home in North Morgan street.

Mrs. J. W. Hogsett will be hostess for the members of the O. N. T. club tomorrow afternoon at her home, 413 North Main street.

Mr. and Mrs. Will Dill, Mrs. Fanny Reidenbaugh and Mrs. Sarah Giffin motored to Connersville yesterday and were the guests of Mrs. James McCann.

The Glenwood Sorosis club will meet tomorrow afternoon at the home of Mrs. Roland Murray of near Orange. All members are urged to be present.

Mrs. Glen Moore will be hostess for the members of the Loyal Daughters class of the Main Street Christian church Tuesday evening at her home in East Sixth street.

Dr. and Mrs. Frank Smith had as their dinner guests yesterday Mr. and Mrs. Albert Holland and Mr. and Mrs. Ralph Holland and daughter Ada of Hope, Ind.

The Shakespeare Club will meet tomorrow evening at the home of the Misses Nora and Mary Sleeth, in West First street. At this time E. B. Thomas will give a talk on "Party Rights."

The Ladies Aid Society of the First Baptist church will meet in business session Wednesday afternoon at two o'clock at the home of Mrs. E. E. Perrin in North Morgan street.

Mrs. William Carter will be hostess for the members of the Psi Iota Xi sorority tomorrow evening at her home in East Sixth street. As there will be an important business session all the members are urged to attend.

A dinner-dance will be given at the Social club Wednesday evening. It is announced that all men over thirty-five years of age will be conscripted for service at the dinner. An orchestra from Richmond will provide the music.

Mr. and Mrs. Peter Hill entertained at their home in Falmouth yesterday with a prettily appointed twelve o'clock dinner party. The guests were Mrs. Nell Ewbank and daughter Deloris and son Dewey, Mrs. Hulda Hune, all of Connersville, Miss Jane Durrenberger and Carl Dolan.

Mr. and Mrs. Frank Byrd entertained Saturday evening with an informal party, at their home west of the city, honoring their son Dallas' eighteenth birthday. Twenty-four guests were present to enjoy the evening in playing games and a social time. Refreshments of ice cream and cake were served at the close of the evening.

The members of the Inter-Nos club were delightfully entertained at the home of Mrs. Ethel Miller, south of Homer, last Thursday afternoon. It was decided at the meeting to give \$5.00 toward the Armenian fund. The afternoon was spent with music and a social time. Late in the afternoon dainty refreshments were served. The next meeting will be held at the home of Mrs. Capp Miller, May 6.

Miss Grace Kiplinger, daughter of Mrs. Isaac Webb, and Erle Harcourt of near Milroy, were quietly married yesterday afternoon at 2:30 o'clock at the St. Paul's M. E. parsonage by the Rev. C. S. Black. Miss Kiplinger, who has been employed as a stenographer at the Rushville foundry, is well known in this city. Mr. Harcourt is the son of Edward Harcourt, living west of Milroy. Mr. and Mrs. Harcourt left immediately after the ceremony on a short wedding trip to Indianapolis after which they will be at home on the bridegroom's father's farm.

London Cats. Thirty thousand starving cats are rescued from London streets every year. They are painlessly killed, their skins being used for muffs and gloves.

# SUNDAY IS BIG DAY AT THE U. B. CHURCH

Evangelist Towns Speaks Morning and Evening and Visits Salvation Army in Afternoon

## INTERCHURCH QUOTA RAISED

Sunday was a great day at the United Brethren church. In the morning Evangelist Towns' subject was "Three Steps in the Great Salvation of Mankind." He said, that through the blood of Jesus the three steps are regeneration, sanctification and glorification.

In the afternoon the church visited the praise meeting at the Salvation Army hall in South Pearl street. In the evening the evangelist's subject was "The Open and Closed Door." Miss Nettie Linville rendered beautiful solos at each meeting. Services are announced until after Wednesday night. Everyone is invited to these meetings.

The local United Brethren church with Raymond Edwards as captain and Oliver Campbell, Bert Low, Sade Farthing and Hazel Cupp, as team leaders, has raised at the close of the first day's work their quota in the financial campaign of thirty Protestant denominations, the co-operating units of the Interchurch World Movement.

# 2ND HAND FURNITURE BUSINESS IS DOOMED

Ever Mounting Cost of Living Causes People to Retain Slightly Used Goods

## DEMANDS HEAVY, SUPPLY LOW.

Pittsburgh, April 26—The second-hand furniture business is doomed in the opinion of several dealers here. The ever-mounting cost of living has caused people to retain their slightly used goods and the present store stocks are rapidly diminishing.

Demands are heavy but the supply is discouragingly low. No more does that pretty carpet go on the auction block because the fabric is worn on the side near the door. It's turned around and put under the piano. Some have learned the remarkable transformation caused by varnish on a scratched table and many, for the first time, are using hammer and nails on that cracked chair.

The auctioneers are hunting other vocations. Their business is crippled too. Storage houses are packed but rentals are being kept up to date in almost every instance. To avoid high rents many have stored their goods and resorted to furnished rooms. That's where the use for that damaged piece of furniture comes in and that's why used-goods men are worrying.

# 11 YEAR OLD BOY DIES

Norton Goddard, Decatur County. Expires at Hospital Here

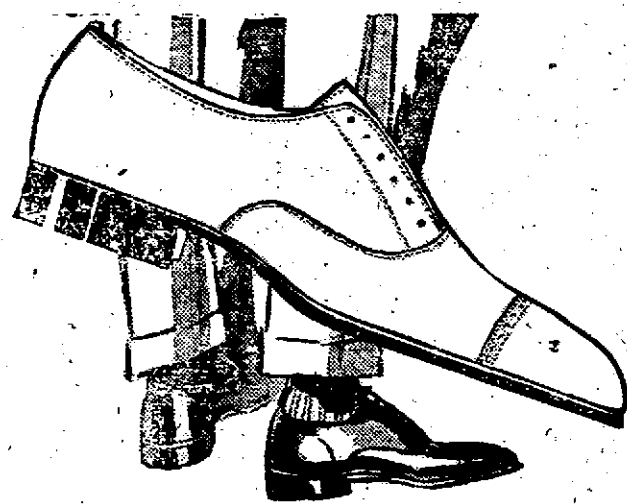

Norton Goddard, 11 year old son of Mr. and Mrs. Ollie Goddard, expired last evening about six o'clock at the Dr. Sexton hospital, death being caused from complications following an operation for appendicitis a few days ago. The body was removed to his parent's home south of Milroy in Decatur county, where funeral services will be held Wednesday morning at ten o'clock with burial in the cemetery at Greensburg. The boy is survived by his parents, he being the only child.

# PRY OFF THE BASEBALL LID

Rushville Tail Lights Win From St. Paul Sunday, 13 to 6

The Rushville Tail Lights pried the baseball lid off yesterday by winning from St. Paul at that place by the score of 13 to 6, in the opening game for both teams. Rushville players were good on batting and hit the ball to all corners of the lot. Both teams, however, played good ball, considering the weather and the fact that it was their first games. The hitting of Byrne, McCarty, Bennett, Joyce and Poe for the Tail Lights featured the game and the infield played a tight game, making only a few wild throws. John Conway, manager of the Tail Lights is anxious to book games with teams in the surrounding counties. Batteries yesterday for Rushville were McCarty and Byrne; St. Paul, Favor and Craig.

# THE MAUZY COMPANY

CORINNE GRIFFITH

It was particularly appropriate that Albert E. Smith, president of Vitagraph, should have selected Corinne Griffith for the leading role of Clyde Fitch's "The Climbers," for she has been steadily climbing ever since she left her home in the south to become a film player. Now she has reached the top rung of film success. In addition to her imposing personal appearance and histrionic talent, Miss Griffith has the happy faculty of wearing beautiful and unusual gowns with grace and has had a splendid athletic training. Some of her most recent features have been "A Girl at Bay," "The Tower of Jewels," "Human Collateral" and "Deadline at Eleven."

# Last Week a Traveling Salesman Told Us

that we were spoiling his business in Rushville. He said that when pricing his goods in other stores, the buyer often remarked that he could buy certain articles for less at Allen's.

While this is not true of everything in our store there are many things that on account of our large output we are able to buy as cheaply as the wholesaler, and our customers get them at about the same price as the average retailer pays.

# Just Where and How Is the Money to be Spent?

A businesslike Answer to  
a businesslike Question

**THIRTY** denominations cooperating in the Inter-church World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its budget under six main heads:

**1 FOR THE CHURCH'S WORK AT HOME.** A score of items come under this head. Consider only one. Five and a half million people in the United States cannot even read and write the English language. Who is to carry forward this vast work of Americanization if the church does not?

**2 FOR HOSPITALS AND HOMES.** Every year thousands of men and women seriously ill are turned away from Church hospitals because of lack of room. The children's homes are compelled to turn away more children than they can receive.

**3 FOR HIGHER EDUCATION.** Of the 450,000 American students in institutions of higher grade, one-half are in institutions founded and supported by the Churches. Many of these institutions have had no great endowment campaign, but their needs are just as pressing as the needs of larger schools, and you have only to read their list of alumni and alumni to measure the value of their contribution to America.

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget; examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post assigned to it in advance.

Every dollar for better America and a better world. When your church calls on you give—and give with your heart as well as your pocket-book.

## MANY ACCIDENTS ARE PREVENTABLE

State Fire Marshal Friedly Believes  
in Protection That Protects and  
Safety that Saves

### PREVENTIONS ARE TAKEN.

Electricity is a Prolific Cause of Accidents—Waste For U. S. is \$350,000,000

H. H. Friedly, state fire marshal, is one who evidently believes in protection that protects and safety that saves. This may be concluded from his recent ruling governing electrical equipment. Electricity ranks second as a fire hazard. Fires waste for the people of the United States \$350,000,000 annually.

Electricity is a prolific cause of accidents. With the demand for more production with a labor shortage handicap, every type of speedy, certain, powerful equipment has been called into service. Electricity as a motive force is more extensively used than ever before. But contact with electrical apparatus by men unacquainted with its dangers has increased electrical hazards tremendously.

Precautionary and preventive measures are being inaugurated to reduce and prevent accidents from electricity, 70 percent of which accidents are fatal.

The safety movement demands whole-hearted support of every individual. The reason is clear when we learn that 66 percent of all accidents are preventable and that 60 percent of all our fire losses might have been avoided.

The stupendous cost the public pays annually for preventable fires and accidents should be reduced to a minimum.

All efficient schedules must provide for safety.

There must be no place in homes or industrial plants for dangerous knife switches exposed electrical equipment or other electrical hazards.

Electricity can and must be made safe for everybody everywhere.

It is estimated that fire wastes annually \$350,000,000, excluding the cost of fire department maintenance, water supply and other related items.

This sum is more than was paid for the construction of the Panama Canal. It would have provided sufficient money to have doubled the salaries of almost all public school teachers in the United States.

Accidents cost us still more.

These losses reduce our created wealth, natural and human resources. The people pay the while price.

Fire indirectly involves loss of earnings, property loss to owners, trade disturbances, a loss upon municipalities by the destruction of taxable values. But the greatest loss is in the destruction of human life.

Fires originated from many causes. Carelessness and negligence ranks first. Electricity comes second. We are not surprised at the first but we are surprised at the second.

Electricity because of its subtle character and its wider use in industry, has become a ranking fire hazard. Overheated electrical apparatus, faulty insulation and exposed switches are all sources of danger.

Accidents cost us \$600,000,000 annually.

In all our fire loss plus our accident losses total approximately \$1,000,000,000 yearly.

These losses impose a great burden upon the public out of whose pockets they must be paid.

Most of these losses are avoidable. It is estimated that more than two-thirds of all our accidents and 90 percent of our fires might have been prevented.

Prevention is absolutely essential when we consider that 70 percent of all accidents from electricity are fatal. This high mortality rate demands that greater precautions be taken to safeguard employees against electrical hazards.

Today most workmen are required to operate electric switches. Switches are hazards. To reduce switch accidents to a minimum, H. H. Friedly, state fire marshal, has ruled in favor of safety enclosed externally operated switches. This would eliminate one dangerous electrical hazard.

### MONEY FOR HOSPITAL

Washington, April 26—Representative Langley, of Kentucky, has introduced a bill appropriating \$29,530,000 for hospitals throughout the country to care for the discharged sick and disabled soldiers, sailors and marines.

## TO MAKE A COMPLETE COUNT OF VETERANS

Bill Provides Enumeration of Veterans of Confederate Army Now Living in Virginia

### TO-SERVE FOR TWO PURPOSES.

Richmond, Va., April 26—Under the provisions of a bill passed by the recent general assembly, a complete enumeration of the veterans of the Confederate army and navy now living in Virginia is to be made during the coming year.

The bill makes it the duty of the commissioners of revenue of each county or city, at the time of taking of lists of property for taxation, to enumerate the living veterans of the Confederate army or navy in his county or city, obtaining their names, ages and post office addresses.

Senator Julian Gunn, who presented the bill, said the enumeration will serve the double purpose of bringing to the attention of the authorities worthy cases of former soldiers who are in needy circumstances, and at the same time enable state pension authorities to check their lists and strike from them the names of those who are not entitled to receive the pension.

## STATE'S AD MEN TO MEET

Will Make Plans for National Convention at Indianapolis

Indianapolis, Ind., April 26—Advertising men from all parts of Indiana will meet in Indianapolis, Wednesday May 4, when preliminary plans will be made for the organization of the Associated Advertising Clubs of Indiana.

The meeting was called today by the Advertising club of Indianapolis which hopes to complete the organization before convention of the Associated Advertising Clubs of the World is held here June 6 to 10.

Complete plans for the world's advertising convention also will be taken up at the meeting.

## The After Effects of Pneumonia

This is No. 2 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's Vapo-Rub may be of value in this condition.

Pneumonia attacks the air cells of the lungs. An inflammation is set up and matter is thrown off which causes the air cells to solidify, thus preventing the natural flow of blood thru the lungs. This "backing up" of the blood causes the heart to pump harder, just as stepping on a hose increases the water pressure, which is the reason why, during this disease, the physician watches the overburdened heart so carefully.

After recovery the lungs are filled with a mass of wreckage—the debris of the battle—which must be gotten rid of by a process known as resolution. Frequently, inflamed spots remain, congestion persists, cough hangs on, and the least exposure brings on a cold that is hard to get rid of. If neglected, such damaged air passages may easily develop serious disease of the lungs.

Such cases should always continue under a physician's care and frequent examinations should be made to see that nature is

properly continuing the rebuilding process.

Nightly applications of Vick's VapoRub will aid nature in this work. Because Vicks acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 232 Broad Street, Greensboro, N. C.

## In Liberty Bonds Wanted

I will pay 2 per cent per annum for the loan of your Liberty Bond. Said bonds to be used as collateral for money to purchase machinery and equipment to gather and pasteurize milk and cream. I want a \$50 Bond from 100 homes.

### We Will Deliver Milk, Cream, Butter and Buttermilk

Our plan is to deliver milk, cream to whip or for coffee, butter and buttermilk to the people of Rushville and surrounding towns and pasteurized milk to the public schools of the county.

### We Will Deliver Ice and Bread to the Farmers

With the trucks that we will send out to gather the milk and cream—this will be an added convenience while you are busy.

### Your Liberty Bonds Have a Loan Value, Make Them Work.

A good friend has already assisted with \$1000 in cash and with the \$1500 worth of machinery that I have already purchased, your bonds will have good security for the additional machinery and equipment that must be purchased to fill one of the most needed industries in the city. If the people of Rush County want this service, come to my assistance at once—my past four years' experience in the cream business tells me that this is the only solution to the milk and cream situation.

## PASSION PLAY IS TO BE POSTPONED

Impossible to Hold it Because of Transportation Difficulties and Food Shortage

**NO DEFINITE DATE IS SET**

Anton Lang, Member of World Famed Spectacle, Believes Presentation Would be Beneficial

(By United Press.)

Oberammergau, Germany (By Mail)—It will be impossible to hold the Passion Play this year.

Whether it can be held in 1921 is not yet known, but Anton Lang, who plays Christus in this world-famed spectacle, believes its presentation would go far toward creation of a new world spirit, a recreation of a new world spirit, a recreation of international reconciliation.

In a statement to the United Press, he declared:

"Unfortunately it is impossible to hold the 1920 Passion Play, partly because of the transportation difficulties, partly because of the shortage of foodstuffs. Yet I continually have the feeling that no time would adapt itself like the present to holding of the Passion Play as it would tend to reconcile, and unite peoples on a broad-gauged, Christian plane and turn their thoughts to new things. Even if the attendance were not as great as in 1900 and 1910, yet a start would be made toward union of the peoples which will and must again come.

"Whether it can be held in 1921 is impossible to say in view of the conditions of the time. We live here peacefully far from the driving of the big cities; and we feel here that time will heal the wounds of war."

Incidentally, Lang, first informed through the United Press that American friends were sending him food expressed the warmest thanks and asked that the United Press bear his "heartiest greetings to all his friends."

Lang and his family engage in home industry and are now busy. This little community has lost seventy men through the war, and as a result here is a labor shortage. Likewise the supply of raw materials and of food is limited.

### TO MEET TOMORROW

The members of the Life Saving Guards of the Salvation Army will meet tomorrow afternoon immediately after school with Mrs. J. A. French to practice for the entertainment to be given Friday night for the benefit of the Guards.

## ENTOMOLOGIST SAYS 'POTATOES WILL DROP

F. N. Wallace Predicts Cheaper Potatoes For Next Year and Cites His Various Reasons

**MANY MAY DIFFER, HOWEVER.**

Indianapolis, Ind., April 26—Potatoes prices will be lower next year, Frank N. Wallace, chief of the division of entomology in the department of conservation, said today.

Wallace based his belief on an expected heavy production this year. Although it is not yet time to plant late potatoes, Wallace said that many people who have never grown spuds will do so this year.

"It is the physiological result of high prices," the entomologist asserted. "Whenever the price of potatoes is unusually high, the public turns its attention toward reducing the price by producing in its backyard."

Indiana farmers also will plant a larger acreage of potatoes than they do when the price is low. Wallace added. This, too, will tend to overstock the market and cause a reduction in price.

### WEATHER FOR THE WEEK

Washington, April 26.—Unsettled weather with showers is predicted for the first half of the week in the Ohio valley, followed by fair and cool weather.

## MANY LIKE THIS IN RUSHVILLE

Similar Cases Being Published in Each Issue

The following case is but one of many occurring daily in Rushville. It is an easy matter to verify it. You cannot ask for better proof.

A. M. Younger, retired farmer, 828 W. Tenth St., Rushville, says: "I have been using Doan's Kidney Pills off and on for about ten years and they have done me good. When a man gets as old as I he is apt to have more or less trouble with his kidneys. At times I have had a dull ache across the small of my back and my back has been weak and lame. Then the kidney secretions have been too frequent in passage, causing me to get up at night. Every time I have been that way, I have bought a box of Doan's Kidney Pills at Johnson's Drug Store and they have never failed to relieve me in a short time."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Younger had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Adv.

#### PETITION OF BANKRUPT FOR DISCHARGE

In the Matter of William A. Hardy, Bankrupt.  
No. 4812. In Bankruptcy.  
District of Indiana, ss.  
On this 17th day of April, A. D. 1920, on reading the petition of the bankrupt for his discharge.

**ORDERED BY THE COURT.**  
That a hearing be had upon the same on the 28th day of May A. D. 1920, before said Court, at Indianapolis, in said District, at nine o'clock in the forenoon, and that notice thereof be published twice in the Rushville Republican, a newspaper printed in said District, and that all known creditors and debtors of the bankrupt may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the Court that the Clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence, in said county, to-wit: the Honorable Albert B. Anderson, Judge of said Court, and the seal thereof at Indianapolis, in said District, on the 17th day of April, A. D. 1920.  
(Seal) NOBLE C. BUTLER, Clerk.  
April 19-20

#### NOTICE TO NON-RESIDENT

The State of Indiana, Rush County. In the Rush Circuit Court, February Term, 1920.

**Marcia Hurler vs. Elmer Hurler.**  
Complaint No. 2044.  
Now comes the plaintiff, by her attorney, and files her complaint herein, complaint for divorce, together with an affidavit that the defendant, Elmer Hurler is not a resident of the State of Indiana.

Notice is therefore hereby given said defendant that unless he be and appear on the 23rd day of the next term of the Rush Circuit Court to be holden on the 28th day of May A. D. 1920, at the Court House in Rushville, in said county and state, and answer or demur to said complaint the same will be heard and determined in his absence.

In witness whereof, I hereunto set my hand and affix the seal of said Court, at Rushville, this 2nd day of April, A. D. 1920.  
LOREN MARTIN, Clerk.

#### NOTICE TO NON-RESIDENT

The State of Indiana, Rush County. In the Rush Circuit Court, February Term, 1920.

**Ernest R. Tittsworth vs. Jesse Vandiver.**  
Complaint No. 2045.  
Now comes the plaintiff, by his attorney, and files his complaint herein, together with an affidavit, that the residence of the defendant, Jesse Vandiver is unknown, and that diligent inquiry has been made to ascertain the residence of said defendant, but that said inquiry has not disclosed the residence of said defendant.

Notice is therefore hereby given said defendant that unless he be and appear on the 36th day of the next term of the Rush Circuit Court to be holden on the 12th day of June, A. D. 1920, at the Court House in Rushville, in said county and state and answer or demur to said complaint, the same will be heard and determined in his absence.

In witness whereof, I have hereunto set my hand, and affixed the seal of said Court at Rushville, this 9th day of April, A. D. 1920.

## MOST CANDIDATES FAVOR MEMORIAL

Proposal to Erect Monument For  
Soldiers Meets Approval of  
All Candidates

IS NOT A PARTISAN ISSUE

Many Write Letters Telling of Their  
Views and Some Even Favor  
Special Legislature Session.

Indianapolis, Ind., April 26—The proposal to establish a state war memorial in Indiana is meeting with the approval of practically all of the candidates who are seeking preferment in the coming primary. It is universally conceded that the movement is not a partisan issue and those who are taking the lead in seeking the building have made every endeavor to dodge anything that smacks of partisanship in appealing to public sentiment.

Among the candidates who have written to state Legion officials pledging their assistance are Warren T. McCray of Kentland, candidate for the republican nomination for governor; John Isenbarger of North Manchester; Mason J. Niblack of Vincennes, and James K. Risk of Lafayette, candidates for the democratic gubernatorial nomination. In addition to these men W. G. Oliver of Franklin, and Lewis S. Bowman of Richmond, deputy auditor of state, both candidates for the republican nomination for auditor of state, and David R. Scott of Linton, candidate for the republican nomination for treasurer of state, have endorsed the project.

Mr. McCray declares in his letter that he is very much interested in the establishment of a memorial, although he expresses some doubt as to whether it should be considered at the expected special session of the legislature, he declares he would be in favor of immediate legislation on the matter if it will not tend to prolong the session.

"I am somewhat in doubt as to whether this should come up at the special session or should be carried over until the next regular session," he writes, "but I am in favor of the project and if it could be done at the special session, provided one is called, without prolonging the session too much, I would be in favor of its being passed at that time."

In addition to Mr. McCray another G. O. P. gubernatorial candidate, J. W. Fesler of Indianapolis, has urged the erection of such a building in practically every speech he has made.

"I shall be glad to lend every assistance that I can" writes Mr. Isenbarger. "and any bill that the Legion may introduce I shall be glad to help in any way possible. Whenever you think I can be of any assistance command me."

Mr. Niblack stands for an early session of the legislature to act on the memorial.

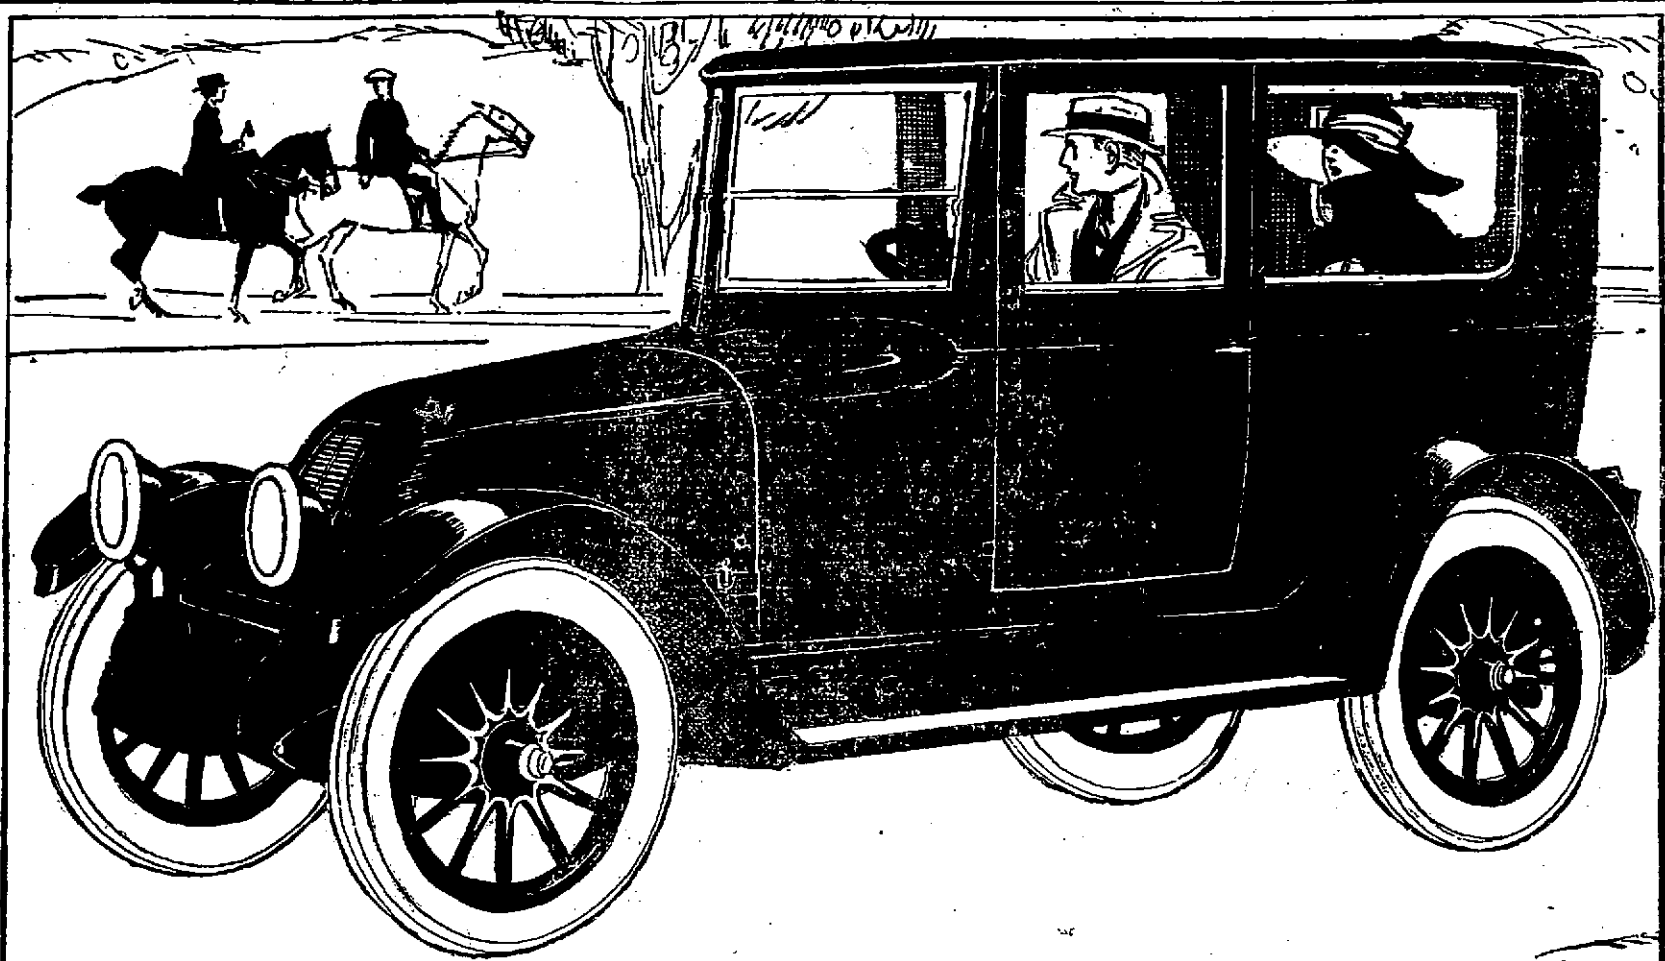

"I am very much interested in the establishment of a state war memorial to commemorate the deeds of Indiana's sons in the world war," he declares in a letter to Legion officials. "I wish that I might be serviceable in procuring this at the proposed special session of the general assembly or at the regular session next January, in case the method should unfortunately be put off until that time."

"A practical memorial of the kind proposed would, I believe, meet the encouragement and support of all the men and women of Indiana and would be useful and an object of pride for many years to come."

Mr. Risk declares that the memorial must be adequate to meet its requirements; that it must be "a memorial to those who gave their lives in the interest of human liberty and a warning to those who do not respect law and order."

"I believe the state of Indiana should and will do its full share in providing this memorial," Mr. Risk writes. "Indiana will certainly not turn a deaf ear to the appeal. I know the people throughout the state will deal generously with the proposition and I am sure Marion county and the city of Indianapolis will co-operate."

"The American Legion should have the help and support from all good citizens, for what they stand for has made America what it is today," Mr. Oliver writes. "Another thing I feel that is sometimes overlooked by some citizens is that had it not been for the boys that are now in the Legion we would not be in a position as a government, to build memorials or anything else for we might have been under an autocratic regime instead of under the Stars and Stripes."

## FRANKLIN SEDAN

Doesn't Shift the Responsibility for  
Efficient Performance to the Owner.

The Franklin Car is built on the  
fundamentals of economy and  
utility. Our understanding of *utility*  
in motoring is:

To go any time, regardless of season  
To go anywhere, regardless of roads  
Make the longest distances in a day  
Travel with the greatest comfort

Any Franklin owner will support  
these facts of Franklin performance.  
Any day will serve to demonstrate  
them.
